

# Aglia® BRITE

The classic Mepps® Aglia® is now available with a brightly colored body. No other lure has caught as many record fish as the Mepps Aglia® and the Aglia® BRITE is sure to continue this tradition. In addition to our classic French blade, every Mepps® Aglia® BRITE features a solid brass brightly-colored, high-visibility body with a durable, chip-resistant finish. There's also a BRITE strike-attractor bead and an extra-sharp VMC hook. Blades are either genuine silver plate or polished brass. Sizes #0 and #1 are excellent for panfish, small trout, grayling and Arctic char. Sizes #2 and #3 are outstanding for bass, walleye, large trout, salmon and steelhead.
