

Comet[®] TRU-V

The Mepps[®] Comet[®] precise mechanics ensure the blade works equally well close to or away from the axis of rotation. This means the Comet[®] is at home in rough water and currents as well as calm pools.

Actual Comet[®] Blade & Body Sizes

Ultraviolet (UV) light is mostly invisible to humans, but according to scientific testing, quite visible to many species of fish. Many baitfish and small gamefish patterns reflect UV light. Therefore, fish can use UV light when seeking prey.

The Mepps[®] Comet[®] TRU-V spinners are UV-enhanced beyond traditional UV-finishes.

CTV4P	4	1/2 oz.	6.80
CTV5P	5	1/2 oz.	6.80

Aglia[®] Streamer

The Mepps[®] Aglia[®] Streamer combines the vibration and flash of the classic Mepps[®] Aglia[®] blade with the subtle and lifelike swimming action of a hand-tied MicroFlash streamer. It makes the ideal presentation for the stream, river or lake angler fishing for trout, salmon or grayling; or the fisherman matching the forage for bass, panfish or walleye. Streamers are available with either a single hook/stinger treble hook combo, or a plain single hook.

Stock No.	Size	Approx. Wt.	Price
<i>Aglia[®] Streamer single hook w/ treble hook stinger</i>
