

Aglia® Streamer

2 lures in one. . .

The Aglia® Streamer is both a spinner and a hand-tied streamer

The classic Mepps® Aglia® was invented in 1938 and, it has caught hundreds of record fish over its lifetime. Generations of fishermen have considered the Mepps Aglia their confidence lure and they have passed them on from one generation to the next.

Over the years there have been many new colors and styles added to the Mepps Aglia family.

Now, with the addition of the new Aglia Streamer, the vibration and flash of the original French Aglia blade is combined with the tried-and-true fish catching appeal and subtle, lifelike swimming action of a hand-tied, high quality streamer.

Trout, salmon, bass, stripers, northern pike, walleye, trophy panfish and musky fishermen have known for a long time that the streamer is a perfect imitator of forage minnows or fry species. Couple this with the classic Aglia spinner, and you just might have the deadliest Mepps spinner ever.

Three original blade colors matched to any water color/temperature/weather condition, combined with two of the best minnow-pattern streamers; available in three sizes and two different hook configurations - long shank single hook or single hook with a flexible, treble hook stinger.

The Mepps Aglia Streamer is built with a special body that enables quick streamer changes for additional color variations, or where regulations on a particular stream or

Six Reasons You Should Be Fishing the Aglia® Streamer

- 1) *Subtle swimming action of a streamer.*
- 2) *Classic Mepps® Aglia® original French blade.*
- 3) *Quick release body for easy streamer change.*
- 4) *Single hook with flexible treble stinger hook for maximum hooking percentage.*
- 5) *Lifelike long fiber Micro Flash body for a natural minnow/baitfish presentation.*
- 6) *Available in single long shank hook to meet single hook regulations.*

lake dictate a single hook configuration.

Two years of intensive field-testing have gone into the new Aglia Streamer resulting in maximum durability and fish catching power. The highest quality parts - high-grade wire, all brass, machine-lathed components and highly reflective blades in silver - or copper-plate or polished brass - have been incorporated to insure the Aglia Streamer, like all Mepps spinners, will have blades that spin as soon as you start the retrieve, cast after cast, without having to pump the lure to initiate blade rotation.

Fish the Aglia Streamer using several different retrieve options: fast to simulate fleeing minnows; medium to steady with occasional pumping of the rod to give a quick burst effect; or a slow roll when water temperature is low to give maximum time in a fish's strike window.

Change Hooks in a Flash

Stream and river fishermen will appreciate the design balance and easy spinning blade when worked in fast current or eddy areas and for shallow to medium depth retrieves. Lake and reservoir fishermen will like the flash, vibration and swimming motion of the Aglia Streamer when pursuing gamefish feeding on schools of baitfish.

The new Aglia Streamer, besides being an excellent casting lure, is also an outstanding trolling spinner for all species. Simply run the Aglia Streamer behind a dodger or flasher using a planer board or a downrigger. It is also ideal for long lining. If a little extra weight is needed, attach a keel sinker. Troll this lure in the spring, summer or fall for dynamite action on just about any fish species. It's especially effective on all species of salmon and trout, and even walleye when a dodger/fly bite is on.

The new Aglia Streamer will be a welcome addition to any fisherman's tackle box as the perfect match the minnow/forage base lure to catch all minnow hunting species. So pick up a few Aglia Streamers, and when you catch that trophy fish, be sure to enter it in the Mepps Master Angler Award Program.

Mepps® Master Angler Awards

It's easy and fun to enter your catch in the Mepps Master Angler awards program. You can either visit our web site: www.mepps.com or call us toll-free at: 800-713-3474 to learn more about the program, and get your **FREE Mepps Fishing Guide**. You'll find the rules and an application both on our web site and in the Guide. All you need to do is send us your completed application along with a photo of your Mepps catch, and we'll send you a handsome embroidered Trophy Fish Award patch along with a chevron identifying the species of fish you caught.

After you've caught four different qualifying species of fish you'll become a **Mepps Master Angler**, one of the highest honors in our sport. Once you've caught 10 different qualifying species you'll be awarded a **Mepps Expert Fisherman patch**, identifying you as one of the best fishermen in the country. There are fewer than 500 Mepps Expert Anglers worldwide.
