DEER TAILS - \$1 PER TAIL
 CALL OFFICE WITH ANY QUESTIONS

Care & Handling of Tails

(Please follow carefully)

- 1) We accept Fox Squirrel, Black Squirrel, Gray Squirrel, Red Squirrel and Deer Tails only. Tails are best if taken after October 1st.
- 2) Do NOT remove the bone from the tail. Deboned and split tails have no value.
- 3) Trim and salt the butt end of the tail generously with dry salt, Borax, or dip in a strong saltwater solution.
- 4) Please be sure to straighten out the tail before drying. Tails that are curled are of no value.
- 5) Keep tails away from flies. Best storage is in a freezer. Do NOT send in tails that have been exposed to flies.
- 6) Do NOT put tails in a plastic bag for storage or shipment. Humidity accumulates and spoils the tails. It is best practice to store tails in a cardboard box.
- 7) Even though "cold months" are the best time to ship tails (December, January, February, and March), if the tails are dried properly, any month is fine to ship.
- 8) To ensure communication with you after we receive your tails. Put your name, address, phone number and/or email address, whether you want CASH or TRADE, along with the tail count inside EACH package shipped.
- 9) If you are interested in TRADE, estimate each squirrel tail at \$.25 a piece, and deer tail at \$1.00 a piece, then multiply by 2. That is your estimated trade-in value. Final value may vary depending on grading. Use this number to list the Mepps items you desire on a sheet of paper so that we can expedite your order immediately. Please list the stock code, color and quantity of product you want. NOTE: Mister Twister does NOT participate in the tail exchange program.
- 10) We do NOT bank credit for our customers. Each shipment will be promptly reimbursed by cash or trade. Nor do we split orders between cash and trade. Also, please do NOT send checks with your order. We will take care of any other charges after your order is complete.
- 11) **Shipping will be refunded on shipments of 50 + tails** for USPS First Class, USPS First Class Parcel, USPS Priority if under 10 lbs., or UPS Ground if over 10 lbs. Please pack without filling in smallest packaging possible. If possible, write the shipping charge on the side of the package or include receipt in the package.
- 12) **Shipping Deer Tails: If you are shipping more than 50 deer tails, please contact us via phone so that we can approve the shipping cost beforehand. (715) 623-2382**

PLEASE NOTE: We will NOT refund insurance charges, or service fees charged by independent mailing services.

MEPPS® BUYS SQUIRREL TAILS

DEER TAILS WANTED TOO!

We need them to create hand-tied dressed hooks for our world-famous, fish-catching lures. We've tried hundreds of other natural and synthetic materials; bear hair, fox, coyote, badger, skunk, even Angus cow, but nothing works as well as squirrel tail hair. We've been recycling squirrel tails for over half a century. In fact, we recycle more of them than anyone else in the world.

The fact is squirrel tails are all hair—no fur. Practically all other animals have fur tails with just a few guard hairs. Fur doesn't have the rippling, pulsating movement of squirrel hair in the water. And, squirrels are plentiful. Plus, squirrel is some of the best wild meat and their skins are used for caps, coats, glove linings and many other items, but the tail is usually thrown away. We're asking you to help us recycle this valuable resource, **AND, we're offering to reward you for your efforts!**

SQUIRREL TAIL PRICING

PLEASE KEEP THE BONE IN THE SQUIRREL TAIL!

GREY, FOX & BLACK SQUIRREL TAILS

Fully - Usable Tail - \$0.25 each

Half - Usable Tail - \$0.12 each

RED SQUIRREL TAILS
